The President's Message

Drain your engines and check your antifreeze levels. Freezing temps have hit the show grounds already and it pays to double check!

Christmas party is on, hope you can join us Friday Dec. 17th 12pm-3pm for a Potluck and some fun.

We will be baking a ham and providing beverages.

Minutes, Meetings & Reports

Due to the lack of regularly scheduled meetings and the inability to plan due to Covid-19 regulations over the last two years, we haven't had much to report. Our Fall swap meet was a good success and membership in our club remains strong. We also have interest in what we might be doing/hosting in the future. Come to the next meeting for financials and detailed club reports. We are happy to announce that regular Meetings will resume in January 2022!

Here is the tentative schedule for the year. It may not include special club project work parties or other clubs' activities yet, just our basic meetings, events at our showgrounds and prep dates. Let's review and I'll ask for input, changes and approval at the January meeting. We will need suggestions for meeting locations or volunteers to host a meeting.
